

Men's Linen Collars

A Great Sale of These Takes Place Here To-Day at 5¢ Each

These are the identical brand and make of HAND-WEVEN FOUR-PLY LINEN COLLARS we sell everyday in our regular stock at "2 FOR 25c."

Reason for the price-reduction is that these, some thirty or more dozens, have become broken up in sizes—some, too, are a trifle soiled from handling. Good styles and practically all sizes, though not all sizes of any one style.

On sale this morning in the Men's Corner at 5¢ each.

Miller & Rhoads

DR. LOVING NAMED AS MODERATOR ORGANIZE LOCAL FIGHT FOR MARTIN

Middle District Baptist Association Concludes Work With Election.

Dr. J. G. Loving, of Swansboro, was elected moderator for the ensuing year at the annual session yesterday morning of the Middle District Baptist Association, which was held at the Weatherford Hotel in this city. Dr. Loving was chosen to succeed himself as secretary and treasurer. The executive committee selected for the coming year consists of J. H. Haskins, chairman; John S. Taylor, W. W. Baker, R. H. Bruce, J. E. Davidson, A. H. Haskins and J. A. Wells.

The morning was given up largely to routine matters and to miscellaneous business. The condition of the State churches was discussed with regard to orphanages, a resolution was offered calling for an investigation into the advisability of erecting a cottage at the Baptist Orphanage, located at Salem, Va. The matter was referred to a committee, which will report at the next annual convention.

Reports were heard setting forth the work of the women in the church during the year and the plans they have for the future.

The meeting just closed is generally limited to have been the most successful in the history of the association.

The delegates, who were selected from all over the district, were of uniform excellence, and all phases of church work were discussed in detail.

Various reports were heard during the session showing the church in a flourishing condition, over 200 churches having taken place the past year through the efforts of the association.

The delegates, before adjourning, passed a vote of thanks for the hospitality which marked their entertainment.

FOR OFFICE SEEKERS

Updates Must Not Forget to File Notice of Good Intentions.

While still there is time and the fatal day is not yet here, the little politicians running for the honor of the city clerk and big is still far off. It must not be forgotten that the candidates for the office of city clerk must file their notices of good intentions with the clerk of the circuit court at least twenty days before the election. The candidates for the office of city clerk must file their notices of good intentions with the clerk of the circuit court at least twenty days before the election.

The following charters were issued yesterday by the State Corporation Commission:

Equitable Loan Society (Inc.), Richmond, Va. Capital, \$10,000. Objects: Real estate loans.

Danville Hardware Company (Inc.), Danville, Va. Capital, \$10,000. Objects: Hardware business.

D. P. Reid & Co. (Inc.), Norfolk, Va. Capital, \$10,000. Objects: Hardware business.

London Orchard Company (Inc.), Leesburg, Va. Capital, \$10,000. Objects: Orchard business.

Edmondson Orchard Company (Inc.), Leesburg, Va. Capital, \$10,000. Objects: Orchard business.

FIGHT MARTIN AT HOME

Wines Rally to Be Held at Charlottesville Primary Week.

Evidence is mounting of a determined effort to secure a wine license for Senator Thomas S. Martin's home county of Albemarle. Following the Monday night session of the Charlottesville Board of Supervisors, the committee of the bar of that county to prepare and suggest such changes in the rules of pleading and practice in equity in the courts of the United States as it may be thought wise to adopt. Claude M. Dean, deputy clerk of the United States Circuit Court of Appeals, having printed the following circular letter, copies of which are to be sent to each of the Federal judges in this circuit, members of the bar of the various United States courts in this circuit and also to each of the clerks of the United States courts in the Fourth Circuit.

The committee of the Supreme Court of the United States on the revision of the rules of practice for the courts of equity of the United States having received suggestions from judges and members of the bar respecting the revision of the rules, the committee has decided to forward to the committee through the committee of the bar of that county to prepare and suggest such changes in the rules of pleading and practice in equity in the courts of the United States as it may be thought wise to adopt.

The committee of the Supreme Court of the United States on the revision of the rules of practice for the courts of equity of the United States having received suggestions from judges and members of the bar respecting the revision of the rules, the committee has decided to forward to the committee through the committee of the bar of that county to prepare and suggest such changes in the rules of pleading and practice in equity in the courts of the United States as it may be thought wise to adopt.

Put in New Lockers

Stores and equipment belonging to the First Battalion, First Regiment, are being moved from the company quarters at the First National Bank building to the new lockers which have been installed. Every nook and corner of the building is being used for the purpose of disposing of the material. The new lockers will be of steel, and constitute an improvement for which the battalion has long contended.

Smoker for Officers

Captain Charles M. Wallace, of Company E, First Regiment, will entertain the officers of the First Battalion at a smoker at his home on Franklin Street to-night.

VACATION TIME

For tickets, baggage and Taxi-Cab Service CONSULT The Richmond Transfer Co. 809 East Main St. Richmond, Va.

OWNERS OF DOCK TO MAKE ANSWER

Required by Corporation Commission to File Reply by August 22.

AFTER INSURANCE CONCERNS

Examiners at Work on Books. Artillery Quartermaster Resigns Office.

In an order issued yesterday by the State Corporation Commission, the bondholders of the William R. Trigg Company are given until August 22 to file their answer to the petitions of the city and the adjacent business houses, asking for an order to compel the opening of the city dock. The early issuance of this ruling is taken to indicate that the matter will be decided without delay.

The understanding is that in their answer the bondholders will assent to the right of the State Corporation Commission to take any part in the matter. The point to be raised is one of jurisdiction. The dock is no longer owned by a corporation, but by individuals, and it is claimed that as such the commission can exercise no powers over the dock, but that it may be kept closed as long as the proprietors see fit.

It is true that, according to the original charter, it was provided that the dock should be forever kept open to the public, but there seems to be an undecided point as to the powers of the powers of the commission where there is private ownership and where no special privileges are enjoyed.

The city and the other petitioners will naturally oppose this point of view. When the answer has been filed, it is believed, a day will be set for the formal hearing.

INSURANCE PROBE

Committee Will Meet to Investigate Industrial Concerns.

Additional evidence is now being collected by examiners of various State Departments of Insurance, regarding the affairs of the industrial, sick and accident insurance companies which are under investigation. Actuary Isaac Parsons and Examiner E. M. Henson, of the Virginia Bureau, have been in Philadelphia for weeks, looking into the affairs of a company, and have gone to Detroit to complete an examination. They will be before the special committee of the National Association of Insurance Commissioners when it holds a meeting in Detroit next Monday and Tuesday. Commissioner Joseph Burton, a member of the special committee, as well as president of the National Association, will attend.

There is a feeling abroad in the insurance world that revelations are pending which will cause no end of alarm among a large portion of the public. Representatives of the companies of the First National Bank, and of the Peck-Hammond Company, are expected to appear before the committee at its meetings, and are closely questioned. It is expected the committee will be able to report at the meeting of the insurance commissioners on August 22.

Forced to Take Vacation.

As a result of a conspiracy between the Governor and the employees in the office of the Bureau of Labor, Commissioner James B. Doherty is to be chased from the capital for several weeks. He has not taken a vacation worthy the name in years, and recently he has been so ill as to cause some alarm, unless he can secure a rest. A vacation is to be made compulsory, and he is required to leave the city until he gets well.

Artillery Officer Resigns.

First Lieutenant Arthur P. Burgess, quartermaster of the First Battalion of Artillery, has resigned his position. Lieutenant Burgess, an appointee of Major T. M. Wortham upon the latter's election as commander of the battalion, has found that his business duties made it impossible for him to present at the company of the First Battalion of Artillery. He was with the company of the First Battalion of Artillery, and he has withdrawn from the service.

Open Bids on Road Work.

State Highway Commissioner P. St. Julien Wilson has gone to Southwest Virginia on official business, attending a meeting at Bristol, which has for its purpose the formation of an association for the building of a highway between Bristol and Washington. He will go to Lee county to attend to the opening of bids on roads to be built from the proceeds of the bond issue recently voted for this purpose.

Completing Printed Reports.

David H. Tomlin, Superintendent of Public Printing, expects to have the annual reports of the Bureau of Insurance ready for distribution next week. The index to enrolled bills is also complete, and will be distributed by John W. Williams, clerk of the House of Delegates, when he returns from his vacation next week. The reports of the State Corporation Commission will hardly be ready before September.

EARLY IS NOMINATED

Football Champion Comes to Senate Without Opposition.

The closing of the lists in the Seventeenth Senatorial District means that Senator Nat R. Early, Jr. of Greene county, will be without opposition, no one having manifested a disposition to engage in a fight for the seat. Senator Early has been a local politician, having outlined his views as an opponent of a State prohibition to a Senate, Albemarle and Charlottesville. Senator Early was the last speaker at the Martin rally held at Charlottesville last Monday. He was not on the program, but was called on from the crowd. He did not mention his own candidacy, but paid a compliment to Senator Martin.

CORNER STONE FOUND

Workers Uncover Block of Stone of the Chamber of Commerce Foundation.

The corner-stone of the Chamber of Commerce, the site of which at Ninth and Main Streets is to be occupied by the twenty-one story building of the First National Bank, was unearthed by laborers yesterday. The stone was laid August 26, 1902, and contained many souvenirs of that day and year.

SAVED HIMSELF BY DARING TURN

Driver Sends Runaway Horses Into Side Street to Avoid Hitting Train.

WILD RACE UP FRANKLIN

Handkerchiefs Loaned by People Nearby to Stop the Flow of Blood.

By a display of nerve, which was truly astounding, Charles Goode, a colored man, who was unable yesterday afternoon to control a pair of wild horses attached to an undertaker's wagon owned by A. D. Price, shot them into Henry Street from Franklin in time to avoid a collision with a Richmond, Fredericksburg and Potomac train which was passing between the closed gates at Belvidere. Both horses were thrown violently to the pavement, and by some curious means an artery on the left hind ankle of each was cut, almost in the same identical place. Goode was not hurt.

Close Shave With Death.

When he was only a short block away, the driver saw the gates bending toward the ground just as the locomotive came in view. The horses simply could not be stopped. Before the end of the train had cleared Belvidere, Goode would have been hurled against the side of the moving cars. He had to act quickly. With a vicious pull he turned to the right into Henry Street and came to grief, but he saved his team. As the wagon was torn out of the horses, shocked by the fall, suddenly became still. A moment later the crowd which had gathered saw that blood was pouring from the two arteries. They rushed up with handkerchiefs to bind the wounds and partially stopped the flow of blood while waiting for a veterinarian.

Shaken up though he was, Goode did a very graceful thing when he personally thanked every person who had loaned him a handkerchief. Price paid last night that the horses were not seriously hurt.

BOARD CONFIRMS PREVIOUS AWARD

Contract for Heating New School Remains With American Company.

Protestations notwithstanding, the City School Board last night at a special meeting declined to reconsider its previous recommendation to the City Council that the American Heating and Ventilating Company be awarded the contract for heating, ventilating and air conditioning of the new Madison School, Madison and Cary Streets.

By counsel, Eugene C. Massie, with J. H. Clendenen, Jr., a member of the firm, and the local representative, J. H. Mitchell, appeared before the City Council to protest that the contract should have been awarded to it on the ground that it was the lowest responsible bidder.

William R. Murphy, of Richmond, president of the successful bidding company, was also present to uphold his interests.

The bid of the Peck-Hammond Company was \$170 less than that of the American Company, which was accepted last month. The bid of \$8,664.50 was made by the Peck-Hammond Company, the architect of the building.

A representative of Mr. Robinson was present and submitted a comparative statement of the two bids, which were the only ones received for the work. It was contended that the specifications of the American Company were in detail, outlining minutely just what the city will receive for its money, while those of the other concern were indefinite in this respect.

Mr. Massie and Mr. Hammond contended that their bid was in perfect accord with the architect's specifications, but it was further shown that the specifications relating to the heating, ventilation and sanitary arrangements were general in character.

A wealth of detailed argument was laid before the board and testimonials from the protesting firm.

Before the matter was finally laid before the members of the board for action, Chairman Charles Hutzler gave both sides an opportunity to state their positions as to whether the hearing had been impartial and thoroughly fair. Mr. Hammond reluctantly conceded that it had been.

PINNER ELECTED TO CITY COUNCIL

Defeats Dr. J. Fulmer Bright, Who Had Majority of Ward Delegation.

IMPROVEMENTS VOTED FOR

Two-thirds Vote Not Present, and Important Matters Passed By.

Immediately after the acceptance of the resignation of Councilman W. C. Saunders, of Henry Ward, who leaves the body because of his removal to Lee Ward, the election of his successor was taken up by the Common Council last night. James A. Pinner was elected over Dr. J. Fulmer Bright, in spite of the fact that three of the four members of the ward delegation had pledged themselves to Dr. Bright and voted for him, though, as was stated by both sides, no caucus was held.

Pinner was nominated by President Peters, who for the time relinquished the chair to Vice-President Collier. The nomination was seconded by Councilman Morgan Mills. Dr. Bright was nominated by Councilman Fred H. Powell, and was seconded by Dr. C. H. Miller.

The vote resulted as follows: Pinner—Blake, Bowman, Burke, Cowee, Gilchrist, Jones, Miller, a Pollard, Powers, Richards, Richardson, Rogers, Seaton, Selph, Umlauf and Peters.

Bright—Boachen, Huber, Miller, Powell, Roache, Vanderlehr, Workman.

No Two-Thirds Vote.

Only thirteen members were present, so that none of the most important business before the body could be taken up, as a two-thirds vote was not present. Soon after the docket was gone into George M. D. Blake, of Monroe Ward, moved that the meeting be adjourned to the same time that it be noted the full quota of members from Monroe Ward was present. Being assured that certain small matters could be disposed of without a two-thirds vote, he agreed to withdraw his motion, and the meeting continued.

On recommendation of the committee on streets, a number of street improvements were authorized, and also several sewers. J. D. Eberhardt was asked to ask the same time that it be noted the full quota of members from Monroe Ward was present. Being assured that certain small matters could be disposed of without a two-thirds vote, he agreed to withdraw his motion, and the meeting continued.

The recommendation of the Committee on Light to sell the output of ammoniacal liquor to C. C. Bailey for two years at 1912 cents per gallon was adopted, as was also the award of the contract for 1,500,000 gallons of gas oil to the Standard Oil Company at 3 1/4 cents per gallon.

Use Motors on Skyscraper.

The recommendation of the Committee on Electricity that the Virginia Railway and Power Company be allowed to construct overhead wires at the site of the new National Bank Building, so as to enable the contractors to use electric motors in erecting the steel structure, was adopted.

The resolution asking for \$12,000 for the waterproofing of Marshall Street, and the exacting of time for the disposition of their goods under the ordinance recently passed prohibiting them from handling deadly weapons was allowed on the recommendation of Judge Witt, of the Hustings Court. Other unimportant measures were taken up and disposed of.

IN ITS NEW HOME

Brook Street Bank Opens for Business.

The new Brook Street Bank, between Fifth and Sixth Streets, was formally opened to the public at 9 o'clock yesterday morning. A stream of visitors poured through the handsome building from the opening of the doors.

The building is one of the most up-to-date banking houses in the South. Everything inside is fitted up for the business of the bank, and the inside is finished in Botticelli marble and bronze. The vault, which weighs twelve tons, is burglar, fire and moisture proof, and is considered one of the finest in the South.

The Brook Street Bank was established July 10, 1911. It flourished from the beginning, and its business has increased steadily from year to year. Its deposits on August 1, 1911, amounted to \$1,482,372.

Merchant in Bankruptcy.

Through counsel, H. W. Goodwyn, John O. Taylor, a retail merchant of 109 East Main Street, yesterday afternoon filed a petition in voluntary bankruptcy in the office of the clerk of the United States District Court. His liabilities aggregate \$5,471.12, while no assets are claimed.

Moving Picture Theatre.

Building Inspector Beck yesterday issued a permit to M. L. Hoffmeister to erect a building to be used as a moving picture theatre, at 155 West Broad Street. The cost is estimated at \$11,000.

Our \$12.75 Suit Home

Offers all sizes for all shapes. Especially fortunate in having a large from.

MARTIN TO SPEAK AT ACADEMY HERE BEGIN LAST FIGHT AGAINST DISEASE

Will Come to Richmond Immediately After Congress Adjourns. Free Treatment for Hookworm to Be Offered Every Resident of Virginia.

Constituting the first authoritative announcement regarding the opening of the campaign of Senator Thomas S. Martin, it was stated yesterday by a direct representative of the senator in Richmond that he will come to this city immediately upon the adjournment of Congress, which is now expected to occur on August 18. If there is no further hitch in Washington, the Senator may be expected to be in Richmond on Sunday, August 20.

It was also announced that in all probability the first speech to be made by Senator Martin will be delivered in the Academy of Music, in Richmond, and that the exact date of the speech, of course, be fixed upon until something positive about the adjournment of Congress is known, but indications are that it will be made on or about Tuesday night, August 27.

The headquarters of Senator Martin have already been engaged at Murphy's Hotel. They will be in the rooms he occupied during his campaign of 1905, in the old portion of the building.

There is now under consideration the identity of the man who will introduce Senator Martin at the Academy. Several names have been suggested already in this connection. A list of vice-presidents will be announced prior to the meeting.

The number of speeches to be made by the senator has not been decided. It is regarded as probable that he will address audiences in all of the larger cities, and may have time to attend court-day gatherings in some of the counties. His material is in hand, so it is said.

It is expected that Senator Swanson will also come to Richmond immediately following the adjournment.

MAY MODIFY PLANS

Changes Suggested to Reduce Cost of Memorial Institute.

Architects who submitted bids on the Confederate Memorial Institute have been asked by the executive committee to modify their plans on the basis of certain possible changes. It is believed that it is to be much greater than the
